Except where an amendment expressly requires the consent of the Town and the Owner, these Rules and Regulations may be altered, amended or added to from time to time and such alterations, additions or amendments shall be binding and of full force and effect as of the date of their adoption by Owner or MD1 following construction and transfer of the system. These Rules and Regulations are subject to, and may not conflict with, the Subdivision Improvements Agreements for the Property as recorded in the office of the Clerk and Recorder of Weld County, Colorado.

1.7.4 Limitation. The Rules and Regulations are implemented by the Districts in furtherance of certain rights and powers conferred by statute. The Rules and Regulations are not to be construed as a limitation upon any general or specific powers of the Districts, or as an expression by the Districts of only certain limited powers which they intend to use.

IB

1.7.5 Prior Offenses. Nothing in these Rules and Regulations shall affect any offense or act committed or done, or any obligation, penalty or forfeiture incurred by any person or under any contract or right established or occurring before the effective date of these Rules and Regulations.

All inspections, observations, testing and reviews performed by MD1 whether of private premises to ensure compliance with these Rules and Regulations, or of MD1's property and facilities, are performed for the sole and exclusive benefit of the Districts. MD1 shall have the right to revoke service to any property for violations of these Rules and Regulations in accordance with the procedures set forth in these Rules and Regulations.

MD1 reserves the right to terminate service to any user of the Irrigation Water System. Unless otherwise provided herein, MD1 shall give written notice to such user of the MD1's intention to terminate service. Service limitations and prohibitions under any law or which may be contained within any contractual agreement of the Districts with any other governmental body shall also constitute prohibitions and limitations upon any user of the facilities of the Non-Potable Water System, except as may be provided by special permit.

3.4 Ownership of Facilities

All existing and future Main Lines and treatment works connected with and forming an integral part of the Non-Potable Water System are owned by HOWAE and upon any future transfer from HOWAE to MD1 shall become and remain the property of MD1, unless any contract provides otherwise. Said ownership will remain valid whether the Main Lines and treatment works are constructed, financed, paid for, or otherwise acquired by the Districts, or by other persons.

3.4.1 Ownership of Irrigation Water Facilities. For irrigation water, HOWAE shall own and MD1 shall maintain the water service line, up to and including the curb stop valve or the lot owner's property line, whichever is closer to the Water Main. The lot owner is responsible for the maintenance of the remaining portion of the service line serving his property.

Authorized employees of HOWAE, the Districts, the Manager, MD1 or other personnel authorized by the Manager, bearing proper credentials and identification (collectively, "Authorized Personnel"), shall be permitted by the customer/owner to enter upon all properties at reasonable times for the purpose of installation, replacement, repair, maintenance, inspection, observation, measurement, sampling, and testing of any water meter, meter pit if one exists, curb stop valve and/or box, radio frequency device if one exists, sump pump, water service lines and Districts' easements in accordance with the provisions of these Rules and Regulations. Refusal to permit such access to Authorized Personnel in the performance of their duties may result in immediate termination of water service to the

premises, and/or may cause additional charges to the customer at the discretion of MD1. Failure to permit such inspection, observation, measurement, sampling and/or testing upon the written request of the Authorized Personnel may result in a presumption that permission is being denied to avoid discovery of a violation that would result in the disconnection of service to the property by the party failing to permit such activity.

3.6 Modification, Waiver and Suspension of Rules

The MD1 Board of Directors or the Manager, acting on instructions of the MD1 Board of Directors, shall have the sole authority to waive, suspend, or modify these Rules and Regulations, and any such waiver, suspension or modification must be in writing, signed by the Board of Directors or the Manager. Such waiver shall not be deemed an amendment of the Rules and Regulations. No waiver will be deemed a continuing waiver.

ARTICLE IV USE OF IRRIGATION WATER SYSTEMS

Irrigation water services will be furnished to property included within the Districts subject to the Rules and Regulations and subject to fees, rates, charges and tolls as provided herein and as imposed by the Districts. It is currently contemplated that irrigation water under this Article IV is being provided by MD1 for the sole use of irrigating landscaping of all irrigable areas within the Property.

4.1.1 Unauthorized Use. No unauthorized person shall uncover, use, alter, disturb, or make any connection with, or opening onto, use, alter, or disturb the Irrigation Water System without first obtaining a written approval from MD1. Unauthorized uses of, or tampering with, the Irrigation Water System includes, but is not limited to, a change in the customer's/owner's equipment, service or use of property, an unauthorized turn-on or turn-off of irrigation water service, burying valve boxes, or modifying any irrigation water meter.

Such costs shall constitute assessments of fees, tolls, charges and other impositions

permitted under the Special District Act, Sections 32-1-101, and 32-1-1001 C.R.S., and shall have the lien priority described in that statute.

4.2 Use of Irrigation Water System

4.2.1 Notice of Changes and Repairs of Leaks. The customer/owner shall notify MD1 prior to any expansion or addition to the service or use of the property served by the Irrigation Water System and upon any change of ownership of said property. Each customer shall be responsible for all costs associated with the construction and maintenance of the length of the service line to the curb stop or property line, whichever is closer to the Main Line. Service lines shall be constructed in accordance with specific instructions to be obtained from the MD1 prior to commencing construction.

Leaks or breaks in the service line shall be repaired by the customer within seventy-two (72) hours of obtaining knowledge of a leak or from the time of notification of such condition by MD1. If satisfactory progress toward repairing said leak has not been completed within the same time period, the Manager shall shut off the service until the leaks or breaks have been repaired; in addition, MD1 shall have the right to effect the repair, and the costs therefore shall constitute a lien on and against the property of such customer as security for payment of such costs, as provided for by Section 38-33.3-316, C.R.S.

4.3 Watering Schedule, Non-Potable Water System – Restrictions of Use

If conditions of supply so limit the water supply of the Irrigation Water System that unrestricted water use may endanger the adequacy of that supply, the MD1 Board of Directors, exercising its discretion in the protection of the health, safety, and welfare of residents, may adopt emergency water use restrictions and such additional regulations and restrictions as are reasonably calculated under all conditions to conserve and protect that supply and to ensure a regular flow of water through the system. Emergency water use regulations and restrictions shall remain in force and effect until the MD1 Board of Directors determines that the conditions requiring their imposition no longer exist. A day constitutes a 24 hour day from 12:00 am to 11:59 pm.

4.3.1 General Use Restrictions. Irrigation sprinklers shall only be operated between the hours of 7 pm and 9 am. Drip irrigation systems may be operated between the hours of 6 pm and 11 am.

Said rates and charges as herein established are in existence and effect at this time and shall remain in effect until modified by the Board under the provisions of these Rules and Regulations, and under the applicable statutes of the State of Colorado. Nothing contained herein shall limit MD1 from modifying rates and charges, or from modifying any classification except as expressly set forth herein.

5.2 Application of this Article

The rates, charges, and other information shown herein shall apply to customers inside the Property and shall in no way obligate MD1 with respect to services provided outside the boundaries of the Districts.

For the purpose of levying fair, reasonable, uniform, and equitable charges, the following classifications and related definitions are provided:

5.3.1 Single-Family Residential Unit. Includes single-family units under the definition of single-family residential unit.

MD1 shall further have the right, in its sole discretion, to terminate service to any customer who becomes thirty (30) days or more tardy in payment for scheduled services, following notice and an opportunity for a hearing as outlined herein.

MD1 shall assess to any customer who is tardy in payment of his account, all legal, court, disconnection, and other costs necessary to or incidental to the collection of said account.

Until paid, all such fees, rates, penalties, or charges shall constitute a perpetual lien on and against the property served, and any such lien may be foreclosed in the same manner as provided by the laws of this state for the foreclosure of mechanics' liens.

5.7 Foreclosure Proceedings/Attorney's Fees

At any time it becomes necessary after other efforts (letters, posted notices) to collect delinquent payments of any fee or charge imposed by MD1 under these Rules and Regulations and/or Colorado law are unsuccessful, MD1 may then initiate foreclosure proceedings as provided for by Section 38-33.3-316(11), C.R.S. All of the provisions of these Rules and Regulations to the contrary notwithstanding, all customers/users of the Districts' Non-Potable Water System hereby agree to be bound by these Rules and Regulations as a matter of contract and for which there is good and valuable consideration. Further, in the event MD1 shall commence a foreclosure action or proceeding to collect any payments of whatsoever nature due and payable to MD1, then in said event the party being foreclosed upon agrees hereby to the payment of any and all costs incurred in connection with said foreclosure proceedings including, but not limited to, reasonable attorney's fees which the court shall tax as a part of the costs of such foreclosure proceedings. In the event payment is made by the customer prior to the foreclosure sale, said attorney's fees and any and all other fees outstanding against the subject account and relating to the subject real property, must also be paid as a pre-condition to the resumption of service to the subject property.

6.3 Supplement to Law.

The provisions of these Rules and Regulations shall be in addition to and in supplement of the terms and provisions of the Declaration and the laws of the State of Colorado. To the extent there is a conflict between these Rules and Regulations and the Declaration, the Declaration shall control except that it is the Owner's and the Districts' intention that the documents be read together and harmonized to the extent possible for the effective and efficient operation of the Non-Potable Water System and for the benefit of owners and customers.
